

MARK HERREN D. NUEGA

Senior Electronics & Electrical Technician & Field Team Lead | ELV / Security & Surveillance Specialist

Makkah—Jeddah Highway, Saudi Arabia • +966 51-0048-198 • marknuega@gmail.com
PH Electrical License CLN-NQ-5146092 • PH Electronics License CLN-COC-129204 • Transferable IQAMA

PROFESSIONAL SUMMARY

Senior Electronics & Electrical Technician and field team lead with 16+ years running mission-critical TETRA radio, ELV, security/surveillance, and power systems across Saudi Arabia and the Philippines. Trusted by engineering to lead crews at airports, telecom towers, and large resort/casino sites — setting daily troubleshooting priorities, closing tickets within SLA, and delivering commissioning work with zero rework. Builds multi-discipline teams that engineers escalate to and site management can rely on.

KEY STRENGTHS

- **Field Leadership:** Runs multi-discipline crews from daily triage through sign-off, keeping engineering and site management aligned.
- **Mission-Critical Systems:** Deep bench-to-field expertise across TETRA radio, CCTV/access control, fire & life safety, and standby power.
- **SLA & Quality Ownership:** Closes tickets within SLA with zero rework across airport, telecom, and resort/casino environments.
- **Cross-Cultural Site Operations:** Works fluently across Saudi and Filipino crews and stakeholders, with working Arabic proficiency.

CORE SKILLS

- **TETRA Radio Systems:** Airbus TH1N / TH9 / TMR880i, Sepura STP9000 / SRG3900, Hytera PT580H / PT590, Motorola MTP3550
- **Security & Surveillance:** Dallmeier, Pelco, Samsung, Matrix, Gallagher, HikVision, Longse — install, commissioning, PM
- **ELV & Life Safety:** Honeywell Fire Alarm, Honeywell PA/VA, ZKTeco / Commax access control, biometrics, hotel locks
- **Power & Generators:** ATyS d M 160A ATS, DSE 12/24V chargers, DST4400 controller, Volvo generator MCU/ECU, solar modules
- **Network & Telecom:** Cisco routers/switches, Panasonic PABX, Ubiquiti / Nano Station P2P & P2MP, Wi-Fi APs, OSP fiber optics
- **Electrical:** Panel wiring, home-run for lighting/outlets/HVAC, high-rise building wiring, schematic & plan reading
- **Tools & Software:** MS Office, AutoCAD, VS Code, HTML/CSS, basic web development
- **Equipment:** Genie lift GR-20, GS-1930, TZ-34/20
- **Languages:** Filipino (native), English (fluent), Arabic (working)

PROFESSIONAL EXPERIENCE

Senior Electronics & Electrical Technician

Apr 2021 – Present

MOTECO — Modern Technology Company • Mecca, Saudi Arabia

- **Field Leadership:** Direct a field team on daily TETRA, ATS, generator, and telco-tower corrective maintenance across Makkah sites, reporting status straight to engineering leadership.
- **SLA Ownership:** Set the day's troubleshooting priorities and coordinate with engineers so every task closes within SLA — with zero rework, protecting uptime on safety-critical systems.
- **Technical Escalation Point:** Go-to specialist for corrective maintenance on Airbus TH1N/TH9/TMR880i, Sepura STP9000/SRG3900, ATyS d M 160A ATS, Cassidian SAM, DSE 12/24V chargers, DST4400 controller, Volvo MCU/ECU, and signal repeaters/boosters — the technician engineers escalate to.

ELV Site Supervisor

Dec 2019 – Apr 2021

ICAD — Innovative Contractors and Advanced Dimensions • Jeddah, Saudi Arabia

- **Crew Supervision:** Supervised ELV crews across two major builds: King Abdulaziz International Airport (KAIA) and the Tabuk–Umluj Turtle Island Hassan resort development.
- **Process Ownership:** Owned the full drawings-to-markups-to-commissioning workflow for security and surveillance systems, partnering directly with engineers to accelerate handover.
- **Site Reporting:** Kept site management ahead of risk with daily activity and progress reporting.

Head Electronics & Electrical Technician

Jun 2016 – Jun 2019

ING — Integrated Network's Group • Jeddah, Saudi Arabia

- **Project Leadership:** Led site survey through commissioning — in-house and in the field — for security access control, time attendance, CCTV, Panasonic PABX, PA systems, hotel locks, Wi-Fi APs and Nano Stations.
- **R&D & Turnover:** Drove R&D on bespoke client designs and owned project turnover end to end.

Security & Surveillance Technician

May 2014 – Dec 2015

City of Dreams Manila (Casino, Leisure & Resorts) • Parañaque City, Philippines

- **Installation & Commissioning:** Installed and commissioned CCTV, SAC, and Motorola TETRA MTP3550 radios across the resort, running coax, data and power to a high finish standard throughout the complex.
- **High-Stakes Uptime:** Kept Dallmeier surveillance and Gallagher security systems running in support of Security, Surveillance, PAGCOR, Police and Gaming operations — a zero-tolerance environment for downtime.
- **Maintenance & Inventory:** Owned the preventive maintenance schedule and managed workshop stock and inventory cost-effectively.

Security & Surveillance QC / Technician

May 2011 – May 2013

Rover System Faire Technologies Inc. • San Juan, Metro Manila, Philippines

- **Bench Leadership:** Led bench-level repair of DVR/NVR, IP and analog cameras, and computer peripherals down to component level; supported field techs on access-control configuration.
- **Quality Control:** Held the line on quality with burn-in testing on 100% of outgoing equipment; handled RTS for arrival-defective stock and R&D on new products.
- **Documentation:** Owned L&D reports, STR service tickets, and PADF forms for refurbishment.

High-Rise Building Electrician

Feb 2011 – May 2011

MCDC — Monolith Construction and Development Corp. • Makati City, Philippines

- **Building Wiring:** Installed electrical wiring, panels, home runs for lighting, outlets, emergency lights and AC units across a 48-floor tower.

Electronics Technician

Aug 2009 – Nov 2010

NHGL — Nagkaisang Haranista sa Gitnang Luzon Inc. • Palayan City, Philippines

- **Technical Support:** Maintained computer systems, amplifiers, audio consoles and monitors for live performance and studio use.

TECHNICAL INSTRUCTION

Technical Instructor

Feb 2020 – Oct 2022

Innovative Technical Enhancement & Skills Training (ITEST) • Jeddah, Saudi Arabia

- Taught HikVision/Longse surveillance, ZKTeco/Commax access control, solar module install & maintenance, PC hardware, cellphone repair, and basic home automation.

Technical Instructor

Oct 2016 – Dec 2019

Filipino Computer and Literacy (FILCOM) • Jeddah, Saudi Arabia

- Delivered courses on surveillance systems, security access control, computer assembly, and solar energy module installation.

LICENSES & CERTIFICATIONS

- TESDA Electrical Installation & Maintenance NC-II — CLN-NQ-5146092
- TESDA Electronics Product Assembly & Servicing NC-II — CLN-COC-129204
- TESDA Consumer Electronics Servicing NC-II — CLN-NQ-476595
- TESDA Massage Therapy NC-II — CLN-NQ-3664664
- Royal Institute of Electronics Engineers — Electronics Devices Assistant Level 1 (RI/EEE/217-11-15/001/1014); AMRIEEE Member 047-27656
- Saudi Professional Driver's License — Private (valid to Sept 2028) & Motorcycle (valid to Sept 2034)
- Philippines Professional Driver's License N01-13-004072 (Restrictions 1 & 2)

EDUCATION & TRAINING

- SuperSimple.Dev — HTML & CSS Full Course (Feb 2026)
- Udemy — The Complete 2024 Web Development Bootcamp (Aug 2024)
- ITEST Jeddah — Telecom OSP / Fiber Optic Cable Installation (2021)
- ITEST Jeddah — Information Technology Training Program (2019)
- FILCOM Jeddah — Cisco CCNA v3 (2018)
- FILCOM Jeddah — Programmable Logic Controller / PLC (2017)
- FILCOM Jeddah — Solar Energy Module Assembly (2018)
- Diversified Corp. — Japanese Language, Work Ethics & Cross-Culture (2016)
- PCIT — Computer Hardware Servicing II (2011)
- TESDA Palayan City — Building Wiring Installation, Welding, TV Servicing, Consumer Electronics Servicing (2001–2002)
- Palayan City High School — Secondary Diploma (2000)
